

Inoculating loops

flame sterilizable

Inoculating loops made 3 different materials:

- stainless steel wire
- special stainless steel wire
- platinum-iridium wire (90/10).

60 mm long. Wire thickness 0,5 mm.

Inoculating loops

Ordering Information

Type	Loop-Ø mm	Cat.-No.
Stainless steel wire (qty=10)		
Inoculating loop W-1,5	1,5	3.686 312
Inoculating loop W-2,5	2,5	3.686 322
Inoculating loop W-4,0	4,0	3.686 332
Special stainless steel wire (qty=10)		
Inoculating loop E1	1	3.686 112
Inoculating loop E2	2	3.686 122
Inoculating loop E3	3	3.686 132
Inoculating loop E5	5	3.686 152
Platin-Iridium wire (qty=1)		
Inoculating loop P-I1	1	3.686 212
Inoculating loop P-I2	2	3.686 222
Inoculating loop P-I3	3	3.686 232
Inoculating loop P-I5	5	3.686 252
